p7 q.

A mobile medical ~~van~~ unit consisting of one civil Asst. Surgeon, one ~~compounder~~ and one Nursing orderly was posted ~~for~~ in the Nalikka Firka on 1st June 1955. for preventive and relief measures in connection with the dysentery epedemic then prevailing in the area. ~~The medical unit attended to its work~~ Treatment was given by the unit at seven convenient centres, the unit attending to one centre in the morning and one in the afternoon daily so that each centre had two visits during a week. The medical van was withdrawn from the firka on 14.8.1955 after ~~the D.H.S reported that~~ the dysentery epidemic had completely ~~subsided~~.

30 NOV 1955
HEALTH, EDN. & LOCAL ADMN. DEPT.

Issued as G.O.No. 79548 H3/55-3 dt 23-9-55

Will the Hon'ble the Minister for Health be pleased to state how long the Government propose to station the Medical Van i Nattika firka in Ponnani taluk to combat the spread of dysentry in that firka.

HEALTH, EDUCATION AND LOCAL ADMINISTRATION DEPARTMENT.

ANSWER

The mobile medical van was stationed in the Nattika firka from 1st June 1955 to 14th ~~Aga~~ August 1955 to combat the spread of dysentry.

Q.No.2857 put and answered.

SRI P.K.GOPALAKRISHNAN: It has been ascertained by Public Health Officers and the Director of Public Health that the cause for the spread of dysentry was due to contamination of water and unless this is removed there is every chance of dysentery spreading even in the future. Therefore, will the Government see that a medical van operates there permanently?

THE HON.SRI A.B.SHETTY: This question was answered in reply to Question No.2869.

Please see the proceedings of the Secretary relating to the L.A.Q extracted above. The papers may now be recorded.
